“Train up a child in the way he should go, and when he is old he will not depart from it.” (Romans 1:28)

*“As a parent, what is the straw that will family break your camel back? Let me help: what if the government tells you that your five year old needs to be taught that a sodomy lifestyle is completely normal? Would that do it? Keep reading...” –Dave–*

An old saying warns: “As California goes;

so goes the nation.” As a nation once rightly considered blessed by God, we Christian Americans best pray hard this does not come true.

In its latest attempt to speed up its slide towards Gomorrah, California is [mandating](#) K-12 grades be indoctrinated into accepting Lesbians, Gays, Bi-Sexuals, and Transgenders (LGBT) as normal human behavior. Yes, your 5 year old needs to be brainwashed into believing LGBT is normal, acceptable behavior.

Imagine your nine year old attending a sodomy- friendly California public school during the week, only to go to church on Sunday to hear his pastor preach on the

sinfulness of homo-sexuality (if that actually still happens in California). Dear Parent, how do you clear up this confusion inside your young child’s mind?

There’s only one way that comes to mind, if the law is to be enforced.

Remove your children from public school, and do it immediately. If you have the ability to home-school your children or can afford to send them to private school; you need to do so.

If you are unable then you need to pay close attention to our “To The Streets” section.

The future of our republic is at stake in California....once again.

# FROM THE FOUNDERS

**To say our Founding Fathers would be appalled at California's new LGBT public school indoctrination is an understatement. No doubt they would be heating up the tar.**

*"Should not the Bible regain the place it once held as a schoolbook? Its morals are pure, its examples are captivating and noble...The reverence for the sacred book that is thus early impressed lasts long; and, probably, if not impressed in infancy, never takes from hold of the mind..."* Fisher Ames, Congressman from Massachusetts in the First Session of the Congress of the United States when the Bill of Rights was formulated. It was Fisher Ames who helped write the First Amendment of the US Constitution.

Our Founding Fathers put great emphasis on education. They believed in a strong classical liberal arts education, not the deranged, godless form of brainwashing going on in California. In fact Noah Webster once said...

*Education is useless without the Bible...The Bible was America's basic text book in all fields...God's Word, contained in the Bible, has furnished all necessary rules to direct our conduct.*

The foundation of a classic liberal arts education is the Bible. And it is this knowledge that has led the assault on the Bible specifically and religion in general by the secular humanists. It has been a concerted, well-planned attack on our national heritage, richly steeped in morality found in the Bible.

So why the attack on traditional moral values in California's public school system? Because the statists know to own the next generation you must shape the minds of today's children. Abraham Lincoln quipped:

*The philosophy of the school room in one generation will be the philosophy of government in the next.*

Is it any wonder Fisher Ames wanted to use the Bible as the primary textbook? I doubt he could have imagined a greater need than to combat godlessness in our school.

# FROM THE PULPIT

“God’s Word speaks to this by example and precept. First, God made a woman for Adam (Genesis 2), not a man. He blessed the union of a man and a woman. Homosexuality was never God’s plan for marriage. The current drive for recognition of same-sex “marriages” is a frontal attack on the family that we must resist.” The late Dr. Adrian Rogers, Bellevue Baptist Church, Memphis, TN.

Dr. Rogers went to be with Jesus almost 6 years ago (Nov 15, 2005). One can only imagine his response to this latest attack on our children. And he is right; this incessant drive to recognize homosexuality and sodomy marriage as normal, mainstream behavior is nothing less than a demonic attack on our traditional family structure.

I know one thing about Dr. Rogers; he would preach against such godless indoctrination of our children. I know of a couple of pastors in California who will more than likely preach against this. I feel confident that John MacArthur of Grace Community Church in Sun Valley and David Jeremiah of Shadow Mountain Community Church in El Cajon will decry this attack on the minds of our children.

My question is this: will megachurch preachers Rick Warren of Saddleback Church in Lake Forest and Robert Schuller of the Crystal Cathedral in Garden Grove preach against this direct attack on the traditional family?

There is a 19th Century preacher who would not only preach against such immoral curriculum, but he would also lay the blame of this paganism at the feet of the pulpits. Charles Grandison Finney wrote on December 4, 1873:

“Brethren, our preaching will bear its legitimate fruits. If immorality prevails in the land, the fault is ours in a great degree. If there is a decay of conscience, the pulpit is responsible for it. If the public press lacks moral discrimination, the pulpit is responsible for it. If the church is degenerate and worldly, the pulpit is responsible for it. If the world loses its interest in religion, the pulpit is responsible for it. If Satan rules in our halls of legislation, the pulpit is responsible for it. If our politics become so corrupt that the very foundations of our government are ready to fall away, the pulpit is responsible for it. Let us not ignore this fact, my dear brethren; but let us lay it to heart, and be thoroughly awake to our responsibility in respect to the morals of this nation.”

Would to God pastors across America would see the actions of the California legislature as a warning blast from a shofar that rings throughout the land, and the pulpits uniformly decry and demand a reversal of this profane propaganda.

# TO THE STREETS

So how does the State of California reverse course from its current destructive path? It will not be easy. If the traditional, God-fearing citizens of the not-so-Golden State want to save their state, here are some suggestions:

1. If you can, pull your children out of public school. Schools receive money based off of student population.
2. You must organize politically. Contact your local Republican Party headquarters and local tea party and get involved.
3. Get a list of the names of legislators that voted for this ungodly indoctrination of your children. If it is your legislator(s), then vote them out. If not, then help other districts do so. At least make these pagan politicians fight for their political futures.
4. Pray for your state. Pray that godly men will come forward and boldly declare the aletheia truth. Pray that God raises up a remnant in California that will stand in the gap for Almighty God.

As a nation, we are coming to a societal armageddon. The cultural battle lines have been drawn all across the fruited plain and it simply comes down to this.

Is all truth relative; that is whatever I decide is best for me is how it should be? Just because your religious values disapprove of the homosexual lifestyle, who are you to push your beliefs onto other people, including your children?

Or is there a such thing as absolute truth? Do we ask, as did Pontius Pilate asked Jesus, "what is truth?"; or is it self-evident?

The Bible calls absolute truth *aletheia*. It is truthfulness that corresponds to reality.

And the reality is...statists, atheists, and demonic, unbelieving heathen wish to poison your children's minds. Here's more reality; your elected officials are no longer representing you or traditional values.

So you must decide if this is it. This is where we turn the cultural tide back to our biblical moorings and right this ship called America. Our children's future is relying on us.

If you won't fight for them, then who will?
